

Shenzhen Virtual University Park (SZVUP) calls for a UK university for joint research programs

Project Introduction

- Joint research
- Subject areas: Electronic Engineering, Biology, New energy and Materials science, Internet Engineering, Creative arts, Environmental Engineering

Brief introduction of Shenzhen Virtual University Park:

Shenzhen Virtual University Park, established in 1999, is an innovative initiative launched by Shenzhen government. The park serves as a platform to exchange cutting-edge information and knowledge among higher education institutions and local enterprises.

The SZVUP now has a total number of 57 members, including famous domestic and foreign universities, as well as innovation labs, research centers and research-leading companies.

Requirements for UK institution:

- The SZVUP is looking for a world top 200 ranked university to cooperate with its members on research initiatives.
- The potential partner should have strong research capabilities in the nominated subject areas
