

Guangdong Pharmaceutical University calls for a UK institution for joint programmes in Guangdong

Project introduction

- Level of programme: undergraduate or postgraduate
- Model: 3+1 undergraduate dual degrees programme/ 4+1 postgraduate program
- Subject focus: Pharmacy

Brief introduction of Guangzhou University of Pharmaceutical University

Guangdong Pharmaceutical University (GDPU) is one of the three national independent pharmaceutical universities in China. It is also a professional medical and pharmaceutical training center for practitioners.

GDPU has four campuses located in Guangzhou City and Zhongshan City, Guangdong. The main campus is located in the Guangzhou Higher Education Mega Center. The university has seven affiliated hospitals and a subsidiary pharmaceutical company.

Requirements for UK institution:

The potential partner needs to be a UK-based university with academic strengths in pharmacy
