

Jingdezhen Ceramic Institute calls for a UK institution for multi-level cooperation

Project Introduction

- Cooperation model:
 - Teacher/ student exchange
 - Joint research
 - Teachers training (in China or in the UK)
- Priority subjects: ceramic and pottery related subjects , material engineering

Brief introduction of JCI

Jingdezhen Ceramic Institute is a comprehensive university specialized in ceramic arts and inorganic non-metallic materials engineering in China. The institute locates in Jingdezhen city, which is known as the ceramic centre of China.

Currently, the institution offers undergraduate and postgraduate programmes and has a total enrolment of 17,000 students. Each year, over 150 graduates continue their studies overseas.

Requirement on UK institution partners

- The potential partner needs to be a UK-based institution
