

Student Insight Survey announces a winner from Sylhet, Bangladesh

The [Student Insight Survey](#) is a global online survey for young people to share their thoughts on overseas study. Participants are automatically included in the draw for attractive prizes each month.

Through Student Insight Survey British Council aims to hear from students on what they think about study abroad!

Md. Abdul Aziz, a student from Sylhet in Bangladesh, was one of the winners of the prize draw in November 2014. He was delighted to receive a brand new **iPod Shuffle**, after spending just 15 minutes filling in the survey.

Abdul Aziz attended the EducationUK exhibition in Sylhet on 18 February 2015 to receive his prize. "In November, I went to the [EducationUK Open Day at the British Council in Sylhet](#) to find out more about opportunities to study in the UK. Whilst there, I was asked to fill in a short online survey– it only took me about 10 minutes. I was really surprised and pleased to receive a phone call a few weeks later letting me know that I had won a prize!"

For now, Abdul Aziz is continuing with his studies in Sylhet but hopes to study in the UK at some point in the future. "I'm concentrating on improving my English speaking skills and then I will take my IELTS exam. Then I hope to be able to apply for further study at a UK university."

From 12-18 February 2015, over 5000 Bangladeshi students, just like Abdul Aziz, attended our Education UK exhibitions in Dhaka, Chittagong and Sylhet.

The Exhibition report will be released shortly. You may read about the pre-event press conference [here](#).
