

ALUMNI AWARDS

STUDY UK
DISCOVER YOU

Do you know someone who has studied at a UK university and gone on to great success?

The Study UK Alumni Awards recognise and honour the outstanding achievements made by international alumni of a UK higher education. Award recipients are leaders in their respective fields: entrepreneurs, professionals or social change makers. All of them will have used their UK education to bring positive change to their communities, industries and countries. All winners have the opportunity to extend their professional network, raise their profile and gain international recognition.

The Study UK Alumni Awards are open to alumni living outside the UK who, in the last 15 years, have studied at a UK university, at degree level or higher, for at least one term or semester.

Visit: <https://study-uk.britishcouncil.org/alumni-awards> for full details about the Study UK Alumni Awards, including eligibility criteria and how to submit an application.
