1 Overview of the British Council

1.1 The British Council is the UK's international organisation for cultural relations and educational opportunities. We create friendly knowledge and understanding between the people of the UK and other countries. We do this by making a positive contribution to the UK and the countries we work with – changing lives by creating opportunities, building connections and engendering trust.

1.2 We work with over 100 countries across the world in the fields of arts and culture, English language, education and civil society. Each year we reach over 20 million people face-to-face and more than 500 million people online, via broadcasts and publications. Founded in 1934, we are a UK charity governed by Royal Charter and a UK public body

1.3 The British Council employs over 10,500 staff worldwide. It has its headquarters in the UK, with offices in London, Manchester, Belfast, Cardiff and Edinburgh. Further information can be viewed at www.britishcouncil.org.

2 Introduction and Background to the Project / Programme

2.1 Building Learning Foundations (BLF)

The Building Learning Foundations Programme (BLF) is funded by the UK's Department for International Development (DFID) and aims to improve the quality of teaching and leadership in all of Rwanda's government-aided primary schools. The programme is implemented by a consortium of organisations; Education Development Trust, British Council, and VSO in all 30 Districts of Rwanda and benefits all Primary 1 – Primary 3 (P1-P3) English and Mathematics teachers in all of Rwanda's 2,517 government-aided primary schools. The British Council is responsible for BLF's English component, and since beginning implementation in early 2018 has trained more than 15,500 English teachers, mentors, school

leaders, and education officials and has produced and distributed 600,000 English activity books for lower-primary pupils.

The BLF English programme design has language improvement at its core. The current BLF school-based CPD model provides P1-P3 English teachers with toolkits including printed and supporting audio and video materials for use for self-study and to support each other to improve their confidence in using English in the classroom through community of practice meetings. All lower-primary English teachers nationwide have now received two volumes of the English teacher's toolkit, along with initial training and a continued package of school-level support. English proficiency, however, is still a key challenge for the education sector, and in response to this challenge and in addition to the core BLF programme activities, in December 2018 BLF piloted a course in two districts to offer further English language support to those teachers with the lowest levels of English (A1 – A0 CEFR). The intensive English two-week face-to-face course focused on boosting spoken English and was highly effective in supporting teachers to improve their levels of spoken English proficiency by at least one CEFR level (as demonstrated through improved Aptis scores). BLF Intensive English will therefore be upscaled to offer extra English language support to those primary teachers across Rwanda that are below A2 level of spoken proficiency and therefore most need it.

Upscale of intensive English and building local trainer capacity

The intensive residential courses for teachers will take place during the July and December school holidays throughout 2020 and 2021. The materials for the course were designed specifically for the Rwanda context and were successfully piloted in December 2018, co-delivered by a team of expatriate EFL expert teachers and locally recruited English teachers from the state education sector. During December 2019, the course will run again, using the same intensive English course materials, but this time with the locally recruited English teachers taking on a leading role, with coaching and mentoring support from international trainers (one international trainer supporting 2 or 3 English teachers).

The experience delivering the course in 2019 will form a core base for the English teachers to develop as English master trainers (on a course with content developed locally for the Rwanda context) in early 2020. The aim of this being that after the course, the 8 experienced and skilled English master trainers (EMTs) can then support with the development of a much larger cohort of English language teachers, these teachers will need a combination of online training, teaching practice, and face-to-face support for 10 weeks from April 2020 to prepare for delivering the intensive English course to primary teachers nationwide from July 2020.

14 Evaluation Criteria

14.1 You will have your tender response evaluated as set out below:

Stage 1: Tender responses will be checked to ensure that they have been completed correctly and all necessary information has been provided. Tenders responses correctly completed with all relevant information being provided will proceed to Stage 2. Any tender responses not correctly completed in

accordance with the requirements of this RFP and/or containing omissions may be rejected at this point. Where a tender response is rejected at this point it will automatically be disqualified and will not be further evaluated.

Stage 2: The completed Qualification Questionnaire (*if used*) will then be reviewed to confirm that the potential supplier meets all of the qualification criteria set out in the questionnaire. Potential suppliers that meet the qualification criteria will proceed to Stage 3. Potential suppliers that do not meet the qualification criteria set out in the Qualification Questionnaire (*if used*) may be excluded from the Procurement Process at this point. Where a potential supplier is excluded at this point, its tender response will be rejected in full and not evaluated further and the supplier will automatically be disqualified from this Procurement Process.

Stage 3: If a bidder succeeds in passing Stages 1 and 2 of the evaluation, then it will have its detailed tender response to the British Council's requirements evaluated in accordance with the evaluation methodology set out below. Information provided as part of Qualification Questionnaire (*if used*) responses may also be verified as part of this stage.

14.2 Award Criteria – Responses from potential suppliers will be assessed to determine the most economically advantages tender using the following criteria and weightings and will be assessed entirely on your response submitted:

Criteria	Weighting
Quality	40%
Methodology and Approach	30%
Commercial	30%

14.3 Scoring Model – Tender responses will be subject to an initial review at the start of Stage 3 of the evaluation process. Any tender responses not meeting mandatory requirements or constraints (if any) will be rejected in full at this point and will not be assessed or scored further. Tender responses not so rejected will be scored by an evaluation panel appointed by the British Council for all criteria other than Commercial using the following scoring model:

Points	Interpretation
10	Excellent – Overall the response demonstrates that the bidder meets all areas of the requirement and provides all of the areas evidence requested in the level of detail requested. This, therefore, is a detailed excellent response that meets all aspects of the requirement leaving no ambiguity as to whether the bidder can meet the requirement.

7	Good – Overall the response demonstrates that the bidder meets all areas of the requirement and provides all of the areas of evidence requested, but contains some trivial omissions in relation to the level of detail requested in terms of either the response or the evidence. This, therefore, is a good response that meets all aspects of the requirement with only a trivial level ambiguity due the bidders failure to provide all information at the level of detail requested.
5	Adequate – Overall the response demonstrates that the bidder meets all areas of the requirement, but not all of the areas of evidence requested have been provided. This, therefore, is an adequate response, but with some limited ambiguity as to whether the bidder can meet the requirement due to the bidder’s failure to provide all of the evidence requested.
3	Poor – The response does not demonstrate that the bidder meets the requirement in one or more areas. This, therefore, is a poor response with significant ambiguity as to whether the bidder can meet the requirement due to the failure by the bidder to show that it meets one or more areas of the requirement.
0	Unacceptable – The response is non-compliant with the requirements of the RFP and/or no response has been provided.

14.4 Commercial Evaluation – Your “Overall Price” (as calculated in accordance with requirements of Annex [4] (Pricing Approach) for the goods and/or services will be evaluated by the evaluation panel for the purposes of the commercial evaluation. Prices must not be subject to any pricing assumptions, qualifications or indexation not provided for explicitly by the British Council as part of the pricing approach. In the event that any prices are expressed as being subject to any pricing assumptions, qualifications or indexation not provided for by the British Council as part of the pricing approach, the British Council may reject the full tender response at this point. The British Council may also reject any tender response where the Overall Price for the goods and/or services is considered by the British Council to be abnormally low following the relevant processes set out under the EU procurement rules. A maximum offer score of 10 will be awarded to the tender response offering the lowest “Overall Price”. Other tender responses will be awarded a mark by application of the following formula: (Lowest Overall Price/Overall Price being evaluated) x 10 (rounded to two decimal places) = commercial score.

14.5 Moderation and application of weightings – The evaluation panel appointed for this procurement will meet to agree and moderate scores for each award criteria. Final scores in terms of a percentage of the overall tender score will be obtained by applying the relevant weighting factors set out as part of the award criteria table above. The percentage scores for each award criteria will be amalgamated to give a percentage score out of 100.

14.6 The winning tender response – The winning tender response shall be the tender response scoring the highest percentage score out of 100 when applying the above evaluation methodology, which is also supported by any required verification evidence (to include, without limitation, any updated information or references relating to any Qualification Question responses) obtained by the Authority relating to any self-certification or other requirements referred to in the Qualification Questionnaire (*if used*). If any verification evidence requested from a supplier, or a relevant third party as may be referred to by the supplier in the Qualification Questionnaire (*if used*) as a party prepared to provide such information, is not provided in accordance with any timescales specified by the British Council and/or any evidence reviewed by the British Council (whose decision shall be final) does not demonstrate compliance with any such requirement, the British Council may reject that tender response in full and disqualify the potential winning supplier from the Procurement Process at that point.
