

UK education briefing for education agents in Europe webinar

Invitation

We invite all the agents in Europe to join this webinar to hear about recent developments from the British Universities' International Liaison Association (BUILA), UK Visas and Immigration (UKVI), and Universities and Colleges Admissions Service (UCAS). The British Council will also share details of a new training designed for agents.

In this webinar, our distinguished speakers will talk about:

1. a series of measures that we are implementing in line with agents' feedback
2. the National Code and how it is being rolled out by the higher education sector
3. what good institutional practice looks like and what you should expect from providers (The Good Practice Guide)
4. recent updates on applications and key deadlines from UCAS
5. the new British Council training suite and future developments
6. update on the UK Visa applications

Education counsellors may wish to join only for the second half of the webinar (from 13:00 BST) as the first three agenda items are relevant to education agents only.

Date: Wednesday, 7 September 2022

Time: 12.00 - 14.00 (British Summer Time)
