

Chongqing University of Education seeks UK partners to develop HE partnership programmes

Opportunity

- Looking for articulation / joint programme / joint-institute school without independent legal entity for bachelor's degree/possible master programmes, in the form of 3+1 or 4+0
- Majors related *Big Data Technology, Computer Science and Technology, Internet of Things Engineering, Information and Computing Science, Primary Education, Economics and Finance and related majors.*
- We would like to recruit 120 students for each major per year.

Chongqing University of Education (CQUE) is looking for UK partners to develop and deliver 3+1 or 4+0 undergraduate programmes in the fields of *Big Data Technology, Computer Science and Technology, Internet of Things Engineering, Information and Computing Science, Primary Education, Economics and Finance* or related majors with the aim of recruiting up to 120 students for each major per year.

Benefits for the UK partners

This is an opportunity for the selected UK partners to establish long-term partnerships with one of the comprehensive universities in Chongqing, with potential for expansion into other fields, such as student and faculty exchange programmes, training programs or joint research.

Areas of responsibility for the two collaborating parties

The selected UK partners will be expected to work with Chongqing University of Education to:

- develop the curricula for the joint programmes
- provide support in the quality assurance of the programmes
- issue bachelor's degree to students

Chongqing University of Education will be responsible for:

- promoting and recruiting students for the programmes
- providing qualified teaching staff as well as the required teaching premises and logistical support for the joint programmes
- supporting prospective students in preparing to study in the UK as part of the programmes

About Chinese University

CQUE is one of the local academic institutions of education in China. It is located in the city of Chongqing. The degree programmes offered at CQUE cover various disciplines in education, literature, art, science, engineering, management, economics and fine art. Three programs offered by CQUE, including *Elementary Education, Preschool Education, and Computer Science and Technology*, have been built as

first-class undergraduate programs recognized by the MOE. CQUE has now established partnerships with more than 100 universities and institutions from 33 countries and regions. It currently is undertaking 3 international programs with amount of over 1000 students with USA, UK and Spanish partners. Over the past five years, hundreds of CQUE graduates went to UK to pursue master's degree at top universities such as the University of Manchester, King's College London, University of Edinburgh, etc.

More information about CQUE can be accessed at www.cque.edu.cn/english.

Action Required

UK partners interested in this opportunity, please register your initial interest and question through the online survey: <https://forms.office.com/r/yR9BM9dfrQ> **by 30 November 2022**.

After your survey response is received, we will be in touch with you and put you in contact with relevant Chinese partner(s) as early as we can. You can also send any of your enquiry to us at ies.china@britishcouncil.org.cn.
