

**THE FACULTY OF EDUCATIONAL SCIENCES
THE UNIVERSITAT AUTÒNOMA DE BARCELONA (UAB)
SEEKS PARTNERS IN THE UK**

**THE UAB IS INTERESTED IN ESTABLISHING MUTUALLY
COLLABORATIVE PARTNERSHIPS WITH UNIVERSITIES AND PRIMARY
SCHOOLS IN THE UK IN ORDER TO FACILITATE INTERNSHIPS FOR
UAB STUDENT-TEACHERS**

The UAB's Faculty of Education, a leading institution in Pre-service Teacher-Education Programmes in Spain, has recently launched a new four-year English-Medium Primary Teacher-Education Degree with a strong international profile.

In order to strengthen the multilingual and multicultural teaching competences of the student-teachers in years three and four of this Degree they are strongly encouraged to spend a semester abroad.

Through the collaboration with universities and/or schools in the host countries, the UAB's Spanish-Catalan bilingual student-teachers will be expected to become familiar with the host culture and gain knowledge about its educational system.

In order to make this possible, we seek to establish two types of mutually collaborative partnership programmes with British universities and/or Primary schools in the UK.

Programme A

Addressed at Teacher-Education University Colleges

What we seek:

- ✓ To create a working partnership with universities in the UK, through the **Erasmus Programme**. The exchange should ideally include teaching internship in British primary schools.

What we offer:

- ✓ An institution ranked as one of the top Faculties of Education in Spain.
- ✓ First rate University Campus facilities.
- ✓ Students and peers highly motivated in plurilingual and multicultural experiences
- ✓ Blocks of 30 ECTS English-Medium courses on Teacher-Education, which can be taken in one single semester. Blocks also include:
 - An introductory course to Barcelona's languages, society, culture, art, music and way of life.
 - A teaching internship period in a Primary or Secondary school.

Programme B

Addressed at Primary Schools and Local Education Authorities

What we seek:

- ✓ To create a working partnership programme with schools in the UK, through the **Erasmus Practicum** programme. The programme will necessarily include teaching internship in British primary schools.

What we offer:

- ✓ Native Spanish-Catalan bilingual student-teachers at the end of their training as primary teachers, who are willing to work as assistant-teachers in British primary schools during a three-month period.
- ✓ We also offer British teachers enrolled in pre-service or in-service teacher education programmes the possibility of a teaching internship period in a Primary or Secondary.
