

Request for Proposal (RFP)

For: *Request for a UK Culture training programme for education agents and school counsellors*

Date: *23 February 2023*

1 Overview of the British Council

1.1 The British Council builds connections, understanding and trust between people in the UK and other countries through arts and culture, education and the English language. We work in two ways – directly with individuals to transform their lives, and with governments and partners to make a bigger difference for the longer term, creating benefit for millions of people all over the world. We help young people to gain the skills, confidence and connections they are looking for to realise their potential and to participate in strong and inclusive communities. We support them to learn English, to get a high-quality education and to gain internationally recognised qualifications. Our work in arts and culture stimulates creative expression and exchange and nurtures creative enterprise.

1.2 We connect the best of the UK with the world and the best of the world with the UK. These connections lead to an understanding of each other's strengths and of the challenges and values that we share. This builds trust between people in the UK and other nations which endures even when official relations may be strained.

1.3 We work on the ground in more than 100 countries. In 2019-20 we connected with 80 million people directly and with 791 million overall, including online and through our broadcasts and publications. Founded in 1934, we are a UK charity governed by Royal Charter and a UK public body. Further information can be viewed at www.britishcouncil.org.

2 Introduction and Background to the Project / Programme

2.1 The UK is the world's second most popular destination for international students (after the USA), with over 600,000 international students enrolled in higher education programmes in the UK for the 2020/21 academic year, up 25% from five years earlier.

Education agents and counsellors play a critical role in marketing UK education and supporting international students on their journey to the UK to ensure that they have an outstanding international student experience.

Beside the UK education's selling points such as quality, short courses, employability, graduate route visa, Vietnamese students are also attracted to the UK because of its unique culture. One of our education agents

mentions in our recent survey about the important role of UK culture *'Based on student's Statement of Purpose (SOPs), we acknowledge that culture is one of the most important aspects that attracts students to the UK. About 40-50% SOPs mention this aspect.'*

The British Council requires a training programme and showcasing activity about UK Culture for education agents and school counsellors targeting to the aspects that attract Vietnamese students choosing to study in the UK.

The expected outcomes of the UK culture training or showcasing activity:

- improve education agents and counsellors' understanding about the UK culture of four countries (England, Scotland, Wales and North Ireland), where to search for UK cultural materials to showcase in their Study UK marketing campaigns and the events
- help education agents/ counsellors confidently provide more cultural information to students/parents to make UK culture as a unique selling point in addition to other UK education's selling points.
- Design a showcasing format to allow agents/school counsellors use for their exhibition to engage students to learn more about UK culture of four countries (England, Scotland, Wales and North Ireland). Provide seed funds for selected agents/school counsellors to demonstrate the designed showcasing format as a culture session at their exhibition.
- Content of the training programme and showcasing format will be considered to embed into the British Council's Agent training hub.

Points	Interpretation
10	Excellent – Overall the response demonstrates that the bidder meets all areas of the requirement and provides all of the areas evidence requested in the level of detail requested. This, therefore, is a detailed excellent response that meets all aspects of the requirement leaving no ambiguity as to whether the bidder can meet the requirement.
7	Good – Overall the response demonstrates that the bidder meets all areas of the requirement and provides all of the areas of evidence requested, but contains some trivial omissions in relation to the level of detail requested in terms of either the response or the evidence. This, therefore, is a good response that meets all aspects of the requirement with only a trivial level ambiguity due the bidders failure to provide all information at the level of detail requested.
