The British Council China will host two 'pre-departure briefing' live webinars (streaming on WeChat) in July and August this year for all prospective students, offer holders and their parents, in order to help them make essential pre-travel preparations and get ready for the reopening of schools, colleges and universities in the UK.

The Study UK team in China continues to bring all Chinese students who are studying or going to study in the UK the most up-to-date information, useful guidance and support from the British Council, UK institutions and UK government. During the live webinar, students and their parents will have the opportunity to pick up advice and tips before coming to the UK, and also to listen to the experiences of life and studying in the UK shared by UK alumni.

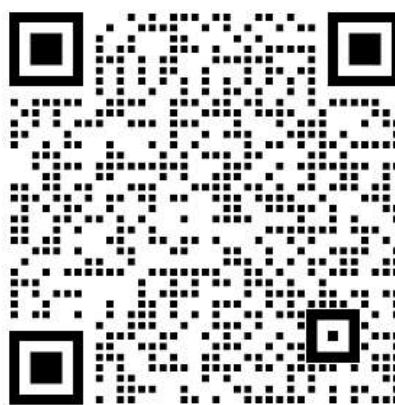

Collaborating with UKVI, the British Council will invite a visa officer to be the guest speaker and give recent updates on the Tier 4 (general) student visa application, and the new 'Graduate' route set to launch in summer 2021. In addition, the audience will also have the opportunity to ask the guest speaker questions they may have as part of their visa applications.
