If you are heading there from 2020 onwards, the British Council would like to invite you to a pre-departure briefing session.

You will receive practical guidance to help you prepare for your trip and settle into life as a student in the UK. There will be presentations by key representatives from Study UK (British Council), UK Visas and Immigration and Visit Britain. You will also hear from alumni and current students from East Asia who can tell you all about what it's really like studying in the UK.

Information provided will include:

- Finances and health matters
- Processing your visa application
- Living as a student in the UK

Pre-departure briefings have already been held in several East Asia countries. This session is a chance for those students who have not already attended a pre-departure briefing this year to hear from our specialists.
