

## **Request for Proposal: Workshop on Funding and Sustainability in the Higher Education Sector**

### **Overview of the British Council**

British Council is the United Kingdom's international organisation for cultural relations and educational opportunities. Its purpose is to build engagement and trust for the UK through the exchange of knowledge and ideas between people worldwide. It seeks to achieve its aims by working in education, science, governance, English and the arts.

### **Background to the Project**

British Council is seeking the services of qualified UK organisations to provide training on funding and sustainability in the Higher Education sector.

The British Council in Nigeria delivered a workshop on funding and sustainability in the Nigerian HE sector from 20 - 21 November 2018. The objective of the dialogue was to facilitate discourse between key stakeholders at practice level to support institutional level reform and best practice in the area of funding and sustainability. We worked with UK and Nigeria partners to improve understanding of the relationship and inter dependencies between funding streams in the Higher Education Sector. It also enhanced the understanding of Nigerian HEIs on the development of governance practices and risk management processes that support a sustainable funding environment.

### **Requirements**

Interested UK Institutions/organisations are required to download the attached request for proposal and supplier response forms and submit a completed supplier response form by the submission/response deadline.

### **Submission Deadline**

All interested institutions/organisations should submit their expressions of interest and proposals to the British Council via email to [Sephora.Imomoh@ng.britishcouncil.org](mailto:Sephora.Imomoh@ng.britishcouncil.org) by 11:59hrs 17 December 2018. Any submission received after the date and time specified will not be considered.
