

Northwest University calls for a UK university on a joint institute of medicine in Xi'an, China

Project Introduction

- Level of joint institute: Undergraduate
- Cooperation model: joint institute of medicine

Brief introduction of Northwest University

Northwest University is a “211 Project” university and administrated under the Shaanxi Provincial Education Department. The University now has three campuses covering a total area of 157 hectares. At present, the University has 21 colleges/departments and graduate schools offering more than 80 subject majors such as humanities, social sciences, management, law, foreign languages, arts, fundamental theories, natural sciences, life sciences, city and environment science, ICT, geology and petrochemical. It confers bachelor’s degrees, master’s degrees and doctoral degrees. The University now has over 2,400 teaching staff including 3 academicians of Chinese Academy of Sciences. There are more than 26,000 full-time students, including over 7,000 graduate students and more than 700 foreign students.

Requirement on UK institution partners

- The potential partner needs to be a UK-based university
- The potential partner needs to be a leading UK university with a high reputation and expertise in medicine.
