

Meet Swedish students from the entire country

On site and online at Saco Student Fairs
Stockholm 1-2/12, Malmö 7/12 in 2022
Online 24/1 and 14/3 in 2023

RECRUITING IN SWEDEN - IS IT REALLY WORTH THE EFFORT?

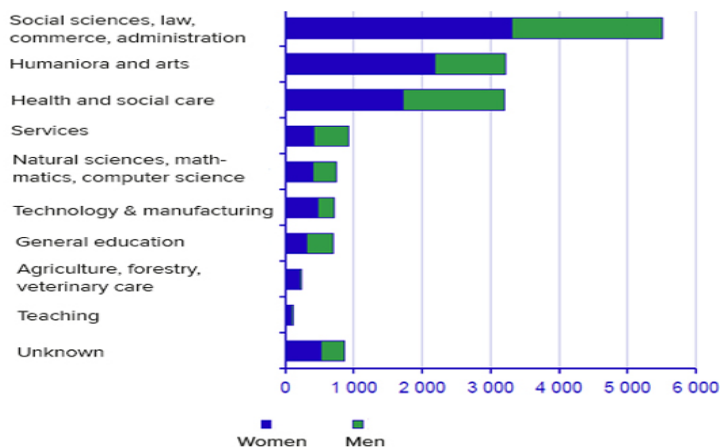

Absolutely! Swedish students are very keen to take on the adventure of studying in a foreign country.

About 25 000 Swedes studied abroad in 2021/2020. Great Britain, North America, Australia, Denmark and Poland are the largest recipients. Asia has increased with 46% during the last five years.

Swedes have excellent knowledge of foreign Languages

One reason for the large number of Swedes choosing to study abroad is their knowledge of foreign languages. Having a mother tongue that is not spoken anywhere else in the world, Swedes are encouraged to learn foreign languages early.

What do they study abroad?

What are Saco Student Fairs?

Our digital exhibition platform, which we developed during the pandemic, will continue to be a backbone and center of all activities in our program for the academic years of 2022/23. The digital concept will support the physical events and vice versa. All but the live functions will constantly available until September next year.

Our physical fairs take place in Stockholm and Malmö and there are a number of online events throughout the year. Saco has hosted Saco Student Fairs since the late eighties and they are a well established and much appreciated source for the choice of post secondary education in Sweden and abroad.

Who will be at the fair?

Visitors (we estimate more than 25 000 at the physical events)

- Upper secondary school students (mainly final year)
- Study guidance counsellors and teachers
- Individuals interested in furthering their education
- Parents

Exhibitors (130 in the digital platform now)

- Swedish universities and colleges
- International universities and colleges, agents for studies abroad
- Other types of post-secondary educations
- Future employers
- Government bodies related to the study system
- Saco with its professional associations

Financial aid (CSN)

Another reason for the large amount of Swedes studying abroad is that Swedish students have the right to apply for financial aid for studies in another country. A condition is that the overseas education has been recognised by the Swedish Council of Higher Education, read more at www.csn.se
